

School for Scammers

A brand new, interactive Forum Theatre and Qwizdom™ programme for the community highlighting scamming

FREE OF CHARGE
to Havering community groups
touring Dec '14 - Mar '15

**funded by Havering
Safer Neighbourhood Board**

Scamming can take a multitude of forms, from the identity fraud through your letterbox and the get-rich-quick swindle in your email, to the courier con on your telephone, or the roofing repair trick at your door. Scammers make their living by gaining your confidence and deceiving you out of your money or possessions by increasingly creative methods – using the latest technology, loopholes, or just plain lies... and *everyone* is at risk, not just the elderly or vulnerable.

Your community group can now take part in an interactive performance by Arc Theatre in conjunction with Havering Safer Neighbourhood Board to raise awareness of how financial scammers can take advantage of you...

School for Scammers is Arc's one-hour interactive Forum Theatre and multi-media performance programme for community groups of all ages, for audiences of up to 100 at a time. Using an engaging, participative drama and a specially devised quiz to test knowledge and assess learning, the programme is available free-of-charge from December '14 until March '15.

Places on this tour are limited and will be reserved on a first-come, first-served basis. To book **School for Scammers** for your group, contact Theresa Snooks at Arc on 020 8595 8509, email theresa@arctheatre.com
